Welcome to Allschwil

PlayMuteFull-Screen

I would like to welcome you on our website.

With our homepage we want to inform you about our community. We do not restrict ourselves only to the activities of the authorities and the administration. We would also like to show you that Allschwil can offer you both - live and work - as a place of residence or a company location. The community profile gives you a short overview about Allschwil. Furthermore you will find a wide range of services offered by using the Link "LIVING IN ALLSCHWIL".

Please note that this website is a small version from the German website. We often refer to the German version where you will find all necessary information.

You also have the opportunity to benefit from our online services which enables you to handle some requests on a 24/7 basis. (in German; reference "VERWALTUNG" Onlineschalter)

I hope you will find all information needed. If not please don't hesitate to contact me by E-Mail or visit me during our public consultation hour.

Kind regards,
Nicole Nüssli-Kaiser, President
